Certificate of Analysis

Created October 17, 2018

Product: Normal Human Urine

Catalog #: 100-317

Lot #: H59W24J

Pooled Date: Aug 2018

DATA SHEET

Source Pooled human donors

*For long term storage, store at -20°C ± 5°C. Avoid repeated freezing and thawing.
This material herein is of US origin and has been tested by FDA approved methodology. Material tested has been found negative or nonreactive for but not limited to: HBsAg, HCV, HIV 1/2 and RPR.
All material was collected from consented donors*

CAUTION: For Cell Culture, further Manufacturing and Research use only. Not for direct Therapeutic use.

Due to differing stabilities of various biomarkers in this complex biological material it is not possible to assign a single expiration date that is relevant to all biomarkers. The end user should monitor the biomarkers of interest to verify suitability over time.
